

SAMEER SINGH
B.Tech(Electrical Engg)., M.Tech. (Power System Engg.)
sameersinghjnu@gmail.com
Mob: +91-9772564443,7376020783

CAREER OBJECTIVE

Taking up new challenges and letting me exploit my skills in teaching, research and developments that offers professional growth while being resourceful as well as innovative

WORK EXPERIENCE

- Working as Assistant Professor (guest faculty), Department of Electrical Engineering at Jaipur National University Jaipur (Raj.) from Jan 2022 to Present.
- Assistant Professor, Compucom Institute of technology and management, Jaipur (Raj.) from March 2021 to Sep. 2021.
- Assistant Professor (guest faculty), Department of Electrical Engineering at Jaipur National University Jaipur (Raj.) from Feb 2019 to June 2020
- Teaching Assistant, Department of Electrical Engineering at Jaipur National University Jaipur (Raj.) from July 2014 to Feb 2017.
- Taught academic students from class 6th-12th in various institutions.

PROFESSIONAL SNAPSHOT

- Involved in admission process of UG students
- Education counselor of students

TECHNICAL SKILLS

Power system engineering, Power electronics, Digital communication, Analog Communication systems, Digital circuits & Systems, Digital Electronics, Basic electrical, control system, electrical machine, circuit theory.

ACHIVEMENTS

- Participated in a National Workshop on Environmental issues: Protection, Conservation 'EIPCM-2016
- Active participant in various events held at the college.
- Won various awards in Elocution Competitions at the school and college level.
- Participated in 45th state athletic championship.
- Participated in many badminton tournaments at state level.
- Nominated for governor award in scouting.
- Worked as a child scientist in National Children Science Congress.
- Active member of National Children Science Congress (NCSC).

COMPUTER PROFICIENCY

Languages : C & C++, HTML
Tools : MATLAB, PSS@SE
Operating System : Windows

EDUCATIONAL QUALIFICATION:

Qualification/Degree	Name of Institute/Research Center	Board/University	Year of Passing	Marks %
Ph.D.* (Electrical Engineering)	Malaviya National Institute of Technology, Jaipur	Malaviya National Institute of Technology, Jaipur	2025	Pursuing
M.Tech.	Jaipur National University Jaipur	Jaipur National University Jaipur	2017	78.92%

(Power System Engineering)				
B.Tech. (Electrical Engineering)	Jaipur National University Jaipur	Jaipur National University Jaipur	2014	64.55%
12th Std. (Higher Secondary Exam)	Adarsh Inter College	U.P. Board	2010	62.6%
10th Std. (Matriculation)	Adarsh Inter College	U.P. Board	2008	54.66%

INDUSTRIAL EXPOSURE:

ACADMIC PROJECTS

Major Project: Centralized Power Management System

Description: Centralized Power Management system is the advance version of PLC controller. This is used to manage the power supply of any industry, home, collage, hotel and other farms. It control the power supply with a "C" based software system.

Minor Project: 555 Timers with ON/OFF Indicator

Description: It can be used to switch off any electrical or electronics load such as bulb, fan, TV, motor, mixes etc. after a preset time delay.

INDUSTRIAL TRAINING

- 4 week training in 132 kv sub station, Chunar (U.P.), India
- 4 week training in Trishuli Hydro Power Plant, Nepal.
- 2 week training in Diesel Locomotive Works, Varanasi, India.
- 1 week training in NTPC , Dadri (Uttar Pradesh), India.
- 2 days workshop on machine tools and wiring.
- 6 month course in Diploma in Computer Application (DCA).
- 3 month of industrial training in PLC & SCADA.
- 5 days Technical Teacher's training Program at Poornima University, Jaipur, India.
- Course on Computer Concepts. (CCC) from National Institute of Electronics and Information Technology (NIELIT)

WEBINARS AND ONLINE WORKSHOPS

- Participated in one day Webinar on " Smart Energy Solutions to Boost Power Sector Economy During Pandemic" organized by Teerthanker Mahaveer University, Moradabad, U. P., India
- Participated in webinar cum workshop on "Performing and Designing Experiments on virtual platform" organized by M. J.P. Rohilkhand University Bareilly in association with IIT Roorkee.
- Participated in a 1 week online faculty development program on "Contrl Application of Renewable Energy System – Recent Trends and Future Aspects" organized by Invertis University, Bareilly, U.P. India.
- Participated in Webinar on "Energy Environment" organized by KIPM College of Engineering and Technology in association with Dr. A. P. J. Abdul Kalam Technical Universty, Uttar Pradesh.
- Participated in Webinar on "Cross Skill Training-Need of Changing Industry" Organised by Poornima Institute of Engineering and Technology, Jaipur, Rajasthan, India.

RESEARCH INTEREST AREA

The area of my research interest belongs to Power system which consists of power system optimization, loss reduction, power quality improvement integrated operation of main grids with micro grids e.g. synchronization, controlling of integration and disintegration in order to form a smart grids integrated with the hybrid generation with renewable energy resources, establishing the efficient system to solve the energy

selling and buying complexity at small scale from the consumer terminals. Some recent trends like Electric Vehicle, Thermal Imaging and AI Application in Power System recent advancements.

PUBLICATION AND PARTICIPATION IN RESEARCH JOURNAL CONFRENCES

1- Singh Sameer, Gupta Abhishek Kumar , “**A Feasibility Study of Microgrids in India**” , 8th International Conference on System Modeling & Advancement in Research Trends, 22nd–23rd November, 2019(Proceedings of the SMART–2019, **IEEE Conference** ID: 46866)

2- Singh, Sameer, Jain, Vivek Kumar and Bhushan, Bharat, “**Loss Reduction In Power System Using Evolutionary Algorithm**”, Elsevier SSRN on February 21, 2020.

3- Singh, Sameer, Jain, Vivek Kumar, “**Power Loss Reduction in Power System based on PSO - Case Study**” , International Journal of Computer Applications- IJCA on Volume 164 No 10.

4- Singh, Sameer, Jain Vivek., Prasad Upendra., “ **The Optimal RPD using PSO Algorithm** ”. EIPCM-2016, on 27 February 2016.

5- Publication **patent on Micro-processing unit-based system for tracking and controlling solar panel** based on sun light intensity, May-2019.

SUPERVISION OF RESEARCH WORK

Supervised as co-guide to the following Areas:

- 1- Power system restoration using PSO.
- 2- Reactive Power Dispatch using Evolutionary algorithms.
3. Study, Design and Performance Analysis of Micro Grid Solar System.

PERSONAL PROFILE

Father's Name	: Mr. Shrawan Singh
Date of Birth	: 15-06-1993
Languages Known	: English, Hindi.
Nationality	: Indian
Marital Status	: Single
Address	: Vill & Post - Ghatampur, Dist – Mirzapur (U.P.), India - 231301
Expected Salary	: Salary should be commensurate with standard prevailing

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge.

Place: Jaipur
Date:

SAMEER SINGH
