

Area and Perimeter

By Aanchal Kansal

Formulas to Remember

- Square:
 - $\text{Area} = \text{side} \times \text{side}$
 - $\text{Perimeter} = 4 \times \text{side}$
- Rectangle:
 - $\text{Area} = \text{length} \times \text{breadth}$
 - $\text{Perimeter} = 2 \times (\text{length} + \text{breadth})$
- Triangle:
 - $\text{Area} = \frac{1}{2} \times \text{base} \times \text{height}$
 - $\text{Perimeter} = \text{sum of all sides}$
